

**29 October 2008**  
**Tolson invites visitors!**

Jim Tolson MSP for Dunfermline West has written to schools in the Dunfermline area inviting them to visit the Scottish Parliament.

Jim said "The Scottish Parliament's educational programme has been expanded recently increasing the capacity for school visits. Schools can either visit Holyrood to find out more about the Scottish Parliament or the Parliament outreach education service is also available to visit schools. The educational programme is a free service, suitable for Primary and Secondary schools.

The programme has proved very popular with schools across Scotland. Since being elected last year I have been involved with school visits to the Parliament and have also visited schools in the constituency. I always enjoy meeting school groups and find that they always have interesting questions to ask!

The bookings for the spring term 2009 open on November 3<sup>rd</sup> 2008 and are always oversubscribed. If you think your school would be interested then please contact [outreach.education@scottish.parliament.uk](mailto:outreach.education@scottish.parliament.uk) or 0131 348 5401."
