

## **2 September 2008 - Tolson meets Tesco Representatives**

Jim Tolson MSP for Dunfermline West met with representatives of Tesco Stores to discuss Tesco's major new investments in Dunfermline.

Jim said "With two new stores to be opened in Dunfermline in the near future and the planned expansion of the existing Duloch store, I am aware of the sizeable investment being made in the area by the company. I was pleased to be invited to meet with representatives of Tesco. We discussed Tesco commitment to the local community, the timescales for developments and the job opportunities.

I felt that this was a constructive and helpful meeting. I will be meeting with Tesco again during the next few months.

Tesco have 'taken on board' some of my suggestions including greater liaison with the Carnegie Trust who own part of the site for their Carnegie Drive store. Hopefully this will lead to more facilities in Dunfermline."
