## **Tolson moves into new Constituency Office**

Jim Tolson, MSP for Dunfermline West has now moved into a new constituency office in New Dickson House, Dickson Street in Dunfermline. This was due to a requirement to 'downsize' office after the General Election.

Jim commented "The new office is located at the entrance to Elgin Street Industrial Estate and should prove more accessible to visitors. My old office was, although central, very difficult for many visitors with two floors of spiral stairs to negotiate. My new office is much more accessible with only one straight flight of stairs and ample parking immediately outside. The area is also well served by many local buses which all go via the nearby Nethertown Broad Street junction.

I have retained the same telephone number 01383 841700 and you can contact my constituency office directly on Monday, Wednesday and Friday between 10 am and 3 pm or at any other time by appointment".
