

## **LOCAL MSP WELCOME NEW COUNCIL ADMINISTRATION**

Newly elected MSP for Dunfermline West, Jim Tolson, has welcomed the decision of the Liberal Democrats and the SNP to enter into an administration on Fife Council.

"I welcome the decision of the Liberal Democrats and the SNP to form a new administration that will put the priorities of the people of Fife first.

For years Labour's dictatorial leadership on the council and throughout the area have taken the people of Fife for granted. But after the first fair vote local authority elections we have in place an excellent new provost in Frances Melville, and a strong team of West Fife Liberal Democrats, that will pursue a progressive policy agenda to better the lives of people throughout the Kingdom."
