

Vince Cable MP to Visit Dunfermline

Dunfermline Lib Dems are holding a dinner on 3rd May to celebrate the 1st anniversary of Jim Tolson's dramatic victory over Labour at the Scottish Election last May.

Vince Cable, the former leader of the Party will be visiting Dunfermline to join in the celebrations. He will be the guest speaker at the dinner and this will be his first major engagement north of the border.

Jim Tolson MSP said "I am very honoured that Vince is coming to join us. Several of my MSP colleagues have said they will be attending as Vince is a great after-dinner speaker and very popular with the party.

Willie Rennie MP said "Vince was a star at Prime Minister's question time when he took over the leadership from Ming Campbell. He did a terrific job for the party and it is great that he has agreed to speak at the dinner. It will be particularly interesting to hear his views on the difficulties that face the government over the economy."
