

### **7 July 2008 - Tolson's Summer Tour**

Jim Tolson MSP for Dunfermline West has started on his Summer Tour of the constituency this week.

Jim commented "This year I decided to spend a fortnight of the parliamentary recess touring around the constituency visiting various charitable organisations working in the area. These organisations provide a wide range of services and provide a very valuable service for many in the area. Many of these organisations depend on and are run by volunteers. I'm visiting Riding for the Disabled, Homestart and Victim Support to name but a few.

My first few visits this week have proved very interesting and already issues have been brought to my attention that I hope to be able to assist with."
