Tolson welcomes efforts to resolve long running issue

Jim Tolson MSP for Dunfermline West welcomed the efforts to resolve the Queensgate land maintenance issue.

Commenting on 'The City of Dunfermline Area Committee' decision on the Queensgate issue, Jim said "This is a very difficult and complicated issue. I think the residents are in a difficult position, and hopefully referring the matter to the Chief Executive will find some sort of resolution that the residents will find helpful. We need to ensure the open space and the play areas are well maintained and safe in the future".
