MSP supports Yes Vote for BIDs

Speaking after Monday's meeting of retailers at the City Chambers Jim Tolson MSP said "Although I could not make the meeting on Monday evening, those who did attend have said they were pleased that Fife Council's contribution is very credible and that the Council have supported the BIDs project in every way.

I hope retailers and businesses will vote 'yes' on the day. BIDS will help effect significant improvements in the City centre. That is good for everyone. Dunfermline deserves to be a more successful town; however we all have to work together to achieve this. We will be voting 'yes' and I am sure everyone else in the BIDS area will want to as well – it is great to have the chance to influence and prioritise projects.

We have all been impressed with the hard work, Susan Hughes, the town centre manager has put into the BIDs project.

I look forward to the chance of working with the BIDS management team and the Fife Council to improve Dunfermline."
