Holyrood Experience!

During two weeks in March, Keith Cordrey, a pupil at Queen Anne High School and Ashleigh Weir of Woodmill High School took up the offer of work experience placements in the Scottish Parliament with Jim Tolson, MSP for Dunfermline West.

Jim commented "Each pupil spent four days in the Parliament, shadowing staff, and attending First Minister's Questions, debates and committee meetings. I was very impressed by both of the students. They worked hard throughout their visit and proved themselves to be valuable members of the team during the week.

I am now looking forward to meeting the students selected for the work placements from Dunfermline High School and St Columba's High School next year. I am sure that the high standard set this year will be continued by next year's students."
